MEETING BETWEEN "GUS" AND "REST"; WORK ON ENORMOUS
(1944)

From: NEW YORK

To: MOSCOW

No.: 195

9th February 1944

Personal to VIKTOR[i].

In reply to No. 382[ii].

On 5th February a meeting took place between "GUS"[iii] and "REST"[iv]. Beforehand GUS was given a detailed briefing by us. REST greeted him pleasantly but was rather cautious at first, [1 group unrecovered] the discussion GUS satisfied himself that REST was aware of whom he was working with. R.[iv] arrived in the COUNTRY[STRANA][v] in September as a member of the ISLAND[OSTROV][vi] mission on ENORMOUS[ENORMOZ][vii]. According to him the work on ENORMOUS in the COUNTRY is being carried out under the direct control of the COUNTRY's army represented by General SOMERVILL[SOMERVILL][viii] and STIMSON[ix]: at the head of the group of ISLANDERS[OSTROVITSIANE][vi] is a Labour Member of Parliament, Ben SMITH[x].

- 2 -

The whole operation amounts to the working out of the process for the separation of isotopes of ENORMOUS. The work is proceeding in two directions: the electron method developed by LAWRENCE[LAURENS][xi]

[71 groups unrecoverable]

separation of isotopes by the combined method, using the diffusion method for preliminary and the electron method for final separation. The work

[46 groups unrecovered]

18th February, we shall report the results.
